Book Synopsis

New to management? You need to read this NOW. Learn the important information most new managers (or even existing ones) don't get to be successful. This easy to read book gives you WHY management matters and WHAT does matter in management. The book gives you a broad education about management and leadership concepts. And, it gives you real world topics to consider as you develop your personal management style. Here are some key points found in the book: - We all have our own idea of what "good" management looks like " realize you and your team need to settle on what works - Learn how to avoid the "easy way or the hi-way" approach to achieving results - Realize you may be in charge but may not have all the answers " and that's okay - Learn different approaches to managing and what works (and what doesn't) - Learn about managing technical teams - Discover the huge value of Emotional Intelligence and how to use it to succeed You'll learn these concepts and much more.
